Study in England
Choose the University of East Anglia
Information for European Students
Ranking: Top 20 in the UK and top one per cent of universities worldwide

Students: Over 14,000 total with 11,000 undergraduate and 2,000 postgraduate

Academics: 300+ degree programmes in four Faculties and 23 Schools of Study

Personalised attention: Ratio of 14 students: one member of staff

Accommodation: 3,500 student rooms

Campus life: 200 clubs and societies and state-of-the-art Sportspark

Speciality research centres: Over 30, contributing to the University’s international reputation for world-class research

Setting: Self-contained campus on 200 hectares of parkland situated on the edge of city and countryside
Why Choose to Study at the University of East Anglia?

The University of East Anglia is a truly international campus – with over 3,000 international students from more than 100 countries.

Your international study experience will show you as an academically adaptable and culturally aware individual, and will be highly marketable, valued by employers and recognised by other academic institutions.

The University is award-winning including being voted one of the top 10 English mainstream universities for student satisfaction ever since the National Student Survey began. It is also top 20 in the UK and top one per cent of universities worldwide.

“I had always wanted to do a degree in Economics, and the opportunity to do so at an internationally-recognised, established institution like UEA was fantastic.”

Tan Jun Jie, BSc Economics, from Singapore
Academic Excellence

The University of East Anglia is a highly acclaimed institution with an international reputation for excellence in a wide range of subjects.

Founded by Royal Charter in 1963, the University has been an educational pioneer in such areas as Environmental Sciences, American Studies, International Development Studies, Geosciences and Creative Writing. The teaching style is innovative and progressive, and interdisciplinary study has been a key feature since the University was founded.

Traditional lectures are complemented by small-group learning, including seminar presentations, project teamwork and laboratory-based practicals, all designed to encourage active student participation.

www.uea.ac.uk/why

In addition to being a partner in the Norwich Research Park, the University houses over thirty specialist research centres including: Arthur Miller Centre for American Studies, Tyndall Centre for Climate Change Research, ESRC Centre for Competition Policy, British Centre for Literary Translation, Centre for Environmental Risk, Overseas Development Group, Sainsbury Institute for Japanese Arts and Cultures and the East Anglian Film Archive.

We have a campus, UEA London in the heart of London’s financial district. Located in Middlesex Street, and just a few minutes’ walk from Liverpool Street Station, it offers easy access across the capital and to our Norwich campus. UEA London provides a base for the University’s activities in the metropolis and provides exciting opportunities for teaching and learning.

www.uea.ac.uk/london

“UEA reaches out to the world with innovation and flair... This excellent university is among the best on virtually any grounds you care to mention.” The Virgin Guide to British Universities 2012
A Beautiful Location

The University of East Anglia, set in the ancient city of Norwich, England, combines history, culture and progressive thought for a remarkable educational experience.

Situated approximately two miles from the medieval city centre, the safe and friendly campus combines the history of one of England’s oldest cities with some of its most unspoiled landscapes. The University borders a residential section of the city and is surrounded by over 200 hectares of parkland.

Once the second largest city in England, Norwich has a wealth of architectural, social and cultural history from pre-Roman times to the modern era. Ancient buildings now serve as cinemas, tea rooms, concert halls and bohemian flats. The city centre, with its cobbled streets, riverside walkways, quiet gardens, art galleries and cosy pubs, is overlooked by a towering cathedral and Norman castle.

East Anglia as a region is known for its magnificent landscapes, and the Norfolk Broads are a popular holiday destination for sailing and pleasure boating. 20 miles from Norwich, the North Sea coast is dotted with quaint seaside villages and miles of beaches – perfect for a lovely day out.

“Norwich has been voted one of the best small cities in the world.” The Times Good University Guide 2013
Undergraduate Study

Undergraduate degrees in the UK are generally completed in three years, allowing focused students to begin careers early or proceed to further study sooner than in many other higher education systems.

Degree courses follow the traditional English modular structure, consisting of self-contained academic modules, taught and assessed by a combination of coursework (essays or other written work), group projects and examinations, with a dissertation or independent research project undertaken in the final year.

Most classes meet once or twice a week and have an integrated seminar or workshop that meets every other week. Sciences and other modules with laboratory components usually meet more often. Courses are highly structured in order to meet degree requirements in three years. Many degrees are interdisciplinary or allow for modules choices outside of the Faculty.

Undergraduate Entry Requirements

Entry requirements are competitive, as the rigour of completing a full degree in three years must be considered. Applicants are encouraged to take the most challenging academic course load available to them at the high school level. Students completing an International Baccalaureate Diploma will find entry requirements listed in the Undergraduate Prospectus. For admissions requirements specific to your country and degree course, please visit our website or contact the Admissions Office.

“A top 20 university.”
The Guardian University Guide 2014
Norfolk is the safest place in the country according to statistics issued by the Home Office.

**International Summer School**

Our four-week International Summer School provides the same academic rigour and prestige as our standard Study Abroad programmes. Take one 20 credit module and get a taste of everything UEA has to offer. For more information, the full listing of modules and how to apply, visit our website.

[www.uea.ac.uk/summerstudyabroad](http://www.uea.ac.uk/summerstudyabroad)

**Study Abroad**

UEA students on degree programmes in certain Schools of Study are able to spend a year or a semester studying at a wide variety of universities and colleges in Europe (Erasmus), North America, Latin America or Australasia. During these placements, students are fully integrated into the culture of the host university and modules taken count toward your degree at UEA.

[www.uea.ac.uk/study/study-abroad](http://www.uea.ac.uk/study/study-abroad)

**How to Apply**

Undergraduate applications are submitted to UCAS, the centralised system for all UK university entry. UCAS forwards applications to the Admissions Offices at your chosen universities, who make the admissions decision. Applications are accepted from September to June, but the University does not guarantee consideration of applications received after 15 January. More information about how to apply can be found on our website.

Postgraduate Study

Taught Master’s degrees in the UK are generally completed in 12 months, allowing swift progression to higher study or continuation on a career path. Research degrees, especially those involving continuation to PhD level, are three to five years in duration.

Most taught Master’s programmes involve two semesters of taught academic work, followed by a dissertation to be written over approximately three months. Research degrees are independent projects completed under the supervision of the University’s esteemed academics.

Postgraduate Entry Requirements
Admission to most graduate degree programmes at the University requires a Bachelor degree. For specific admissions requirements specific to your country and degree course, please visit our website or contact the Admissions Office.

How to Apply
For taught degrees, please submit your application online. Applications are accepted on a rolling basis, but we strongly advise submission before 1 March, as competition for degree spaces and scholarships can be high. The application form and more information can be found here: www.uea.ac.uk/study/postgraduate/apply

For research degrees, including Doctorate, Master’s by Research and MPhil degrees, please contact the relevant School of Study for advice before submitting an application.

“UEA’s School of International Development is one of the strongest departments in my field of study, so I knew it would enable me to get the skills required. Also, UEA is a great place to live as well as study.”
Melissa Ilboudo, MSc Climate Change and International Development, from Burkina Faso
Accommodation

University housing is guaranteed for European first year undergraduate students that choose the University as their ‘firm’ choice during the UCAS application process.

If students want on campus accommodation, we encourage all students to apply but it is not guaranteed to all.

University rooms are fully furnished and grouped around a shared kitchen. Each kitchen is equipped with storage and appliances for students to prepare their own meals as all accommodation is self catered. All accommodation includes free internet access, and more than two thirds of rooms are en suite, with a sink, toilet and shower. There are campus and city centre accommodation options, as well as assistance finding private non-university housing. UEA accommodation has twice been ranked first in the UK in the What Uni Student Choice Awards.

www.uea.ac.uk/accommodation

Rated top for accommodation in the latest WhatUni.com Student Choice Awards.
Student Services
Support services are offered by the Dean of Students’ Office. An International Advisory Team provides advice on personal, cultural and visa issues, and the Learning Enhancement Team and Disability Coordinators help students access services and achieve academic goals. Students can also access Counselling Service and a well-equipped Careers Centre.

www.uea.ac.uk/services/students

Campus Amenities
You can find everything you need on campus:
- State-of-the-art Sportspark
- Dining and coffee shops
- LCR nightclub and the Union Bar
- Grocery store, post office and newsagent
- Bookstore
- Barclays bank
- Travel Shop
- Chaplaincy
- Medical Centre and pharmacy
- Laundromats
- Library
- 24-hour computing centres.

www.ueastudent.com/clubsoc

“The Sainsbury Centre for Visual Arts is perhaps the greatest resource of its type on any British campus.”
The Times Good University Guide 2013

“The excellent sporting facilities are based around the £30 million Sportspark, which has an Olympic-sized swimming pool, fitness centres, athletics track, climbing wall, courts and pitches.”
The Times Good University Guide 2013
Costs and Financial Aid

Undergraduate (Bachelor) Tuition Fees
For undergraduate degree courses starting in 2014, the University of East Anglia will be charging a tuition fee of £9,000 a year for EU undergraduates. This fee has been confirmed by the Office For Fair Access (OFFA). This is not an upfront cost; there is a Tuition Fee Loan available.

Full time EU students can obtain a Tuition Fee Loan from the UK Government to cover the cost of their course. The fee is paid directly to the University on your behalf and is administered by Student Finance England. You can borrow the full fee, part of the fee or none of the fee each year of your study.

You start paying back the Loan once you have finished studying and are earning over a certain amount (depending on which country you live in).

www.uea.ac.uk/international/europe
www.gov.uk/browse/education/student-finance

Postgraduate (Masters) Tuition Fees
Full time EU students studying for most postgraduate (Masters) degrees or graduate diplomas will pay an annual fee of £5,000 in 2013/14 (2014 fees to be confirmed).

Part-time fees are generally half the annual rate of full-time fees, with special payment arrangements for part-time candidates on certain credit based Masters programmes.

For detailed information on fee levels and help funding postgraduate study, please contact the relevant Admissions Office.

www.uea.ac.uk/study/postgraduate/finance

Estimated Costs 2013-14
Living Cost Estimate
Total living costs, including food, books, accommodation, transportation and social life, are estimated at £600 to £650 per month, totalling £5,600 for a nine-month academic year and £7,500 for a full 12 months.

European Scholarships
The University awards numerous academic scholarships each year. Additional information about fees and funding opportunities can be found on our website.

“I studied finance because it can lead to popular careers such as banking. At UEA I have met people with whom I might make a connection in the future – potential business partners.”

Ekaterina Shimokhina, Graduate Diploma in Economics, Russia
Visit Us
The University holds numerous Open Days and Visit Days. The events give students the opportunity to view the fantastic facilities and beautiful campus that the University has to offer.

www.uea.ac.uk/study/open-days

The University of East Anglia’s Higher Education Advisory Team visits a number of EU countries each year. To find out when and where the Higher Education Advisers will be next visit:

www.uea.ac.uk/international/europe

Getting Here
Norwich International Airport provides worldwide links via Amsterdam (a 40 minute flight). Travellers connecting through London airports are able to continue to Norwich via train from London Liverpool Street Station or via National Express coaches, which travel direct to the UEA campus. Trains between Norwich and London Liverpool Street Station depart every 30 minutes throughout the day and take approximately two hours.
