The Secure Base Model
Promoting attachment and resilience in foster care and adoption

21st February 2014
Woburn House Conference Centre, London. Time: 10am - 4pm

The Secure Base model of caregiving in foster care and adoption was developed by Gillian Schofield and Mary Beek in the Centre for Research on Children and Families at the University of East Anglia. Providing a secure base can help troubled children in foster care and adoption to feel secure and to fulfil their potential.

Programme: This conference will be introduced by John Simmonds, Director of Research, Policy and Practice at BAAF and provides an opportunity to hear about the Secure Base model. It also marks the launch of two new BAAF guides on the Secure Base model; one for practitioners, the other for foster carers and adopters. Speakers include Gillian Schofield and Mary Beek, Ole Jørgensen and Juri Skulstad, fostering social workers from Norway, experienced in Secure Base.

Venue: Woburn House Conference Centre, 20 Tavistock Square, London, WC1H 9HQ

Time: Registration and coffee 9.30am. Start 10.00am. Close 4.00pm

Cost: £75 per delegate. For groups of 4 or more attendees from a single organisation a rate of £60 per delegate is available. The fee includes refreshments and lunch.

Register: For enquiries and to register please contact Alice Francis, CRCF administrator on alice.francis@uea.ac.uk or telephone 01603 592086 or visit www.uea.ac.uk/centre-research-child-family/news-and-events
