

DEGREE APPRENTICESHIP IN ADULT NURSING

The Degree Apprenticeship in Adult Nursing (NDA) offers the opportunity to gain an honours degree and professional registration whilst working in healthcare.

You will undertake the same theoretical learning and practice placements as undergraduate students but with no university fees to pay, and the four year programme allows you to earn while you learn.

For more information or an informal discussion on our flexible entry requirements, please contact:

Gareth Partington
Senior Lecturer – Nursing Sciences (Adult)
Apprenticeship Lead
School of Health Sciences
