

Norfolk and Suffolk MPA Evidence Conference

All of our days have good bits and bad bits. We collected 18 feedback forms so you can use our bad bits to do better in your next event.

'More talking and networking time'

We had time unstructured time left at the end of the day in the poster display room. Here, we thought people could stay and discuss the work. But they all went away! So no discussions where had.

'lack of parking advice'

Our parking is limited and awkward and though we did give some parking advice in the directions sheet it wasn't clear enough. Also, we put it at the end of the sheet and lots of people never read it

Some good suggestions for another time....

More focus on the networking time

Discuss what we can achieve by working together

A more structured approach to discussions using workshops

Contact list with emails and roles in relevant organisations

Have tailored workshops around the conferences main aims and themes
