About these terms

For UEA's Student General Terms and Conditions please refer to: <https://portal.uea.ac.uk/academic-calendar/general-regulations>

If successful, you will be registered and enrolled with us as a full-time or part-time undergraduate student for a credit-bearing undergraduate programme under our Degree Regulations set out in the University Calendar. You must abide by our Charter, Statutes, Ordinances, Regulations and Policies in force.

We may make changes to these Terms from time to time and the version that is applicable to you will be those that were in force at the date of your first enrolment with us.

If you wish to decline a scholarship offer from us prior to registering at the University please email admissions@uea.ac.uk. We will then withdraw our scholarship offer and confirm this in writing. Any offer of a place on one of our courses would not be affected.

Removal of a Scholarship

We may remove the Scholarship immediately in the event that:

- You withdraw from your programme of study; or
- You are expelled, suspended or excluded from the whole or part of the University or your programme of study for academic failure; or
- We are of the reasonable opinion that you have made any misrepresentation (whether negligently or intentionally) to us either in respect of applying for the Scholarship or during the course of and in connection with your studies at the University; or
- We are of the reasonable opinion that you have acted fraudulently or dishonestly in connection with securing your Scholarship or place at the University.

In the event of an intercalation, any payments will be suspended until you return and progress to the next stage of your course.

If at any stage you decide to defer entry onto the course until the following year, then you will no longer be eligible for a Scholarship. You may apply again the following year, but an award cannot be guaranteed and you will be subject to the eligibility of whatever scheme operates in that year of entry.

Repayment of the Scholarship

In the event that your Scholarship is removed, you will be liable to pay us the monetary amount equating to your Scholarship, immediately on demand.

If we have made an error in calculating your Scholarship and as a result you have received any funds to which you were not entitled, we may request that you repay us the amount overpaid and you will be liable to repay it to us within 30 days of our demand.

In addition to any other rights we may have at law to take action against you for recovery or repayment of the amount equating to the Scholarship, the amount so outstanding will be treated by us as a sum due to us and, in accordance with our General Regulations on Fees and Charges, may mean that you will not be awarded your degree until you have made payment to us as requested.

Marketing and Promotion

You may be required to make yourself available at reasonable notice for any publicity and marketing campaigns which we may want to run in connection with our scholarship schemes, which may include but not be limited to public appearances, speeches, photographs, blogging and/tweeting or interviews.

How We May Use Your Personal Information

We will use the personal information you provide to us to administer the Scholarship scheme. We will retain all documents we receive in connection with the Scholarship scheme along with your other student records in accordance with our Data Protection Policy: www.uea.ac.uk/is/strategies/infregs/dp.

Once you are enrolled at UEA, the University will contact you using your University student email account. It is your responsibility to check this account regularly for important information regarding payment of your Scholarship, and any other requests relating to the Scholarships scheme.

The detailed eligibility criteria and application process for each type of scholarship can be found in the attached appendices.

To apply for the scholarship you must hold an offer of a place from UEA and to receive the scholarship you must have selected UEA as your firm choice institution, not your insurance choice.

- You meet the deadline for applying to the award. This is outlined at <https://www.uea.ac.uk/study/undergraduate/scholarships/bright-spark-scholarship>

The Bright Spark Scholarship Process

If you meet the Eligibility Criteria and would like to be considered for a Scholarship, you must complete the application form which can be found here:

<https://www.uea.ac.uk/study/undergraduate/scholarships/bright-spark-scholarship>

You must provide us with relevant details of your UCAS application as part of the Scholarship application process. If you do not provide us with the required information for application of the Scholarship when prompted, or if you provide us with incomplete or incorrect information, we will not be able to process your Scholarship application further.

We will aim to process your request for the Scholarship in a timely manner, once you have provided the relevant information regarding your research project and how it links to UEA's research themes and provided you meet our Eligibility Criteria.

Provided we are satisfied that you meet our Eligibility Criteria and achieve the specified grades, we will pay your Scholarship to your nominated account annually in years 1, 2 and 3 of your course. Each instalment will be £1000. These will take place in February of each academic year. 10.5 Part-time students who study a minimum of 25% full time equivalent (fte) may be eligible for UEA scholarship support. Any support given will be proportional to tuition fees paid and the maximum payable will not exceed the full-time equivalent.

If we are of the reasonable view that you do not meet our Eligibility Criteria and you wish to appeal, we will ask you to provide us with such proof as we deem necessary to make a new assessment. You must supply us with the requested evidence as soon as reasonably possible.

If we are satisfied that you have met all the Eligibility Criteria we will pay the Scholarship to your nominated account. However, if we remain of the view that you still do not meet our Eligibility Criteria, we will advise you of this in writing. It is your responsibility to ensure that any change in bank account details is advised to the University.

The maximum period that an annual payment will be paid to you is three years (36 months) for full-time students or six years (72 months) for part-time students.

Appendix 2

Donor-Funded Scholarship Scheme

The Difference Scholarship Eligibility Criteria

You are eligible to apply for one of 'The Difference' Scholarships under these Terms if you meet all these criteria:

- You are a UK citizen, or a citizen of the Channel Islands or Isle of Man and are liable for 'home' fee status. International and EU citizens or those liable for international or EU fees are not eligible for this scholarship. Other scholarships are available for International and EU citizens, details can be found at www.uea.ac.uk/study/international/fees-and-funding/scholarships
- You are enrolling on your first undergraduate degree course at UEA, including courses with a Foundation Year and Dip HE Operating Department Practice, in September 2019, or you are a current UEA Foundation Year student entering your year 1 in September 2019.
- You must come from a household with an income of less than £30,000*. To confirm this criteria, the University will liaise directly with Student Finance to check that the household income information you have provided to them confirms that your household's income is less than £30,000. When this check takes place (usually in September), if your household income is found to be more than £30,000 you will no longer be eligible to receive the scholarship and your scholarship offer will be withdrawn. To aid this process, it is therefore helpful if you choose to submit your household income information to Student Finance.
- You meet the deadline for applying to the award. This is outlined at <https://www.uea.ac.uk/study/undergraduate/finance/scholarships/the-difference-undergraduate-scholarship>
- To receive the scholarship you must have selected UEA as your firm choice institution, not your insurance choice.

**Your household income will be based on the information you submit to Student Finance. This will be regarding the financial year ending the April one and a half years before the start of your course in September. For example, for 2019 entry, Student Finance ask for your household income between April 2017 and April 2018. A full definition of "household income" and information on how you should apply for Student Finance is available here:*

<https://www.gov.uk/apply-for-student-finance/household-income>.

The Donor-Funded Scholarship Process

If you meet the Eligibility Criteria and would like to be considered for a Scholarship, you must complete the application form (if applicable) which can be found on our scholarships webpages.

If you do not provide us with the required information for application of the Scholarship when prompted, or if you provide us with incomplete or incorrect information, we will not be able to process your Scholarship application further. For undergraduate students, the information you submit should be the same as the information provided in your UCAS application.

We will aim to process all requests for the Scholarship in a timely manner, once you have provided the relevant information regarding the scholarship and provided they meet our Eligibility Criteria.

Provided we are satisfied that you meet our Eligibility Criteria, and you are chosen by the panel as the preferred recipient, you must then choose UEA as your firm choice (not insurance) via UCAS in order to receive the scholarship.

If we are of the reasonable view that you do not meet our Eligibility Criteria and you wish to appeal we will ask you to provide us with such proof as we deem necessary to make a new assessment. You must supply us with the requested evidence as soon as reasonably possible.

Each scholarship's availability is dependent on the generosity of the donor and on available funds. As such, we may withdraw the availability of Scholarships at any time up until a formal scholarship offer is made to a recipient.

We reserve the right to adjust scholarship eligibility criteria up until the application deadline, provided the change(s) do not make applications already submitted ineligible or disadvantage them in any way.

If no candidate is judged to be of sufficient merit, Scholarships will not be awarded.

It is your responsibility to inform the Development Office of any other scholarship or tuition fee reduction which you are offered by UEA, as it is not possible to hold some UEA scholarships with a Donor-Funded Scholarship. Where both a Donor-Fund Scholarship has been offered by the

Development Office and a UEA Scholarship has been offered by the Admissions Office or the relevant School, the combined amount of funding available will not exceed £10,000.

No person will be awarded the same Donor-Funded Scholarship more than once.

The scholarship is payable after you have completed the University's registration process.

The values of undergraduate Donor-Funded Scholarships are advertised on our website and the final amount awarded confirmed in writing at point of scholarship offer.

The majority of scholarships can either be deducted directly from your tuition fee charges by the University's Finance Office or received as a maintenance grant payment direct to your bank account to assist with living costs. This will be confirmed in your Scholarship Agreement.

Maintenance grant scholarships are paid in nine monthly instalments from October – June each academic year or as confirmed in your Scholarship Agreement.

It is your responsibility to ensure that any change in bank account details is advised to the University.

If you plan to change your course, intercalate or withdraw from your course, you are expected to inform both the University and the Development Office as soon as possible as this could affect your eligibility for the scholarship.

Part-time students should understand that any support given will be proportional to tuition fees charged (where applicable) and will be spread pro-rata throughout the duration of the course.

For students enrolled on a course including a year in industry or year abroad etc., the scholarship will be given for the three years of study during which the student is based at UEA. No funding will be given for the year away from UEA.
