## There's never been a better time to join the IT sector...

The IT industry is growing at twice the UK average, this sector recruits 129,000 new people each year and 18% of this growth is forecast to come from people like you\*.

- Are you a school leaver looking for an apprenticeship in IT?
- Are you about to graduate and looking for the next step?
- Would you like to meet people looking to hire?
- Do you want to know what skills to develop to increase your chances of employability?
- Would you like to find out more about working in the Oracle space?

If you answered 'Yes' to any of the above, then NextGen events are for you!

### How it works:

1. Register your interest
2. Upload your CV for employers to view
3. Attend an event to meet the employer

You can still upload your CV for consideration by employers even if you can't make one of our events.

Register today at [www.ukoug.org/nextgen](http://www.ukoug.org/nextgen)

## Flip over to learn more about Next Gen membership

UKOUG

# NextGen

If you decide on a career in the Oracle space, then UK Oracle User Group will be there for you at every stage of your career.

We are an independent, not for profit membership organisation created to support Oracle stakeholders.

Next Gen membership is specifically designed to help you explore the Oracle space in the early stages of your career.\*

For only £200 per year, you'll receive:

- A quarterly copy of Oracle Scene Digital (+ access to previous online editions)
- Chance to attend 3 Special Interest Groups of your choice
- Invitations to take part in surveys and have access to the results which benchmark nationwide trends for young professionals in IT
- Access to an exclusive Next Gen online networking group
- Access to UKOUG's online library
- Chance to attend other UKOUG events at member rates

**Plus much more**
