

World Association of Lesson Studies

5 December 2013

Professor Emeritus John Elliott
University of East Anglia
United Kingdom

Dear John

WALS HONORARY LIFE MEMBERSHIP

I have great pleasure in informing you that the Executive Committee have wholeheartedly supported my proposal to honour you with a WALS life membership.

We recognise your invaluable and definitive contribution in being a founding member and the second President of WALS. We also acknowledge with deep gratitude your vision in starting IJLLS and ensuring its sustainability and quality as Lead Editor over the course of the years.

Thank you, John, for being there for WALS and for being always ready to share your expert knowledge with teachers the world over who see in the practice of lesson and learning study a key to their progress as teaching professionals and significant contributors to the lives of the children they have responsibility for.

I wish you rich and fulfilling years ahead in both your academic and personal pursuits. Your association with WALS will always be deeply respected and valued.

Sincerely,
Christine Lee
President
