

A new short animated film premiering at **Norwich Pride** promotes the findings of SpeakOut – a national study of lesbian, gay, bisexual, trans and questioning (**LGBTQ**) **young people's experiences of growing up in the care system.**

The research, led by Jeanette Cossar at the University of East Anglia, is the first and largest research project of its kind in England. A group of young researchers, who identify as part of the LGBT+ community and spent time living in care, made the film with UEA and the Creative Research Collective. They will be at the event and taking part in the Q&A session which follows the film.

Please do try to come to this special event at **11.30am – 12.30pm** at **The Forum Auditorium** in Norwich on the morning of **Norwich Pride** – **Saturday 28th July 2018**. Arrive early to guarantee a seat.

Proud to be part of the Norwich Pride 10 celebrations
