

Dear E-mail Review Team,

Lord Lawson, the chairman of the Global Warming Policy Foundation (GWPF) has already written to Sir Muir Russell on 26 January 2010, covering a number of the points on which the Review has now sought responses.

<http://www.thegwpf.org/news/476-lawson-calls-for-cru-inquiry-to-be-held-in-public.html>

In addition, we have submitted evidence to the House of Commons Science and Technology Committee Inquiry into the Disclosure of Climate Data from the Climatic Research Unit at the University of East Anglia, as have I in a personal capacity.

Accordingly, we would ask you to accept the above three papers as the GWPF's submission to your Review. The submissions to the Science and Technology Committee inquiry are available at
