VISITING UEA
VIRTUAL ACADEMIC TASTER DAYS
AND CUSTOMISED PROGRAMMES AT UEA

THIS IS A NEW PERSPECTIVE
THIS IS UEA

NORWICH
UNITED KINGDOM
Are your students eager to learn new things, expand their horizons, brush up on their English language skills or experience what it’s really like to study at a leading university in the UK?

At UEA, we’re not letting travel restrictions hold us back. Until we’re able to welcome you on campus again, we’ve developed virtual versions of our popular academic taster days and customised programmes so that your students can still enjoy the challenge of learning in a world-leading academic environment.

**VIRTUAL ACADEMIC TASTER DAYS**

Our virtual academic taster days are the perfect way for students to really experience what studying at university is like – from anywhere in the world.

Whether your students are currently based in the UK or residing overseas, we can organise a varied and thoroughly engaging online experience to suit your group’s needs.

**Taster days can include:**

- Academic taster sessions
- Personal statement workshops
- Campus and accommodation tours
- Opportunity to meet current UEA international and Study Abroad students
- Talks from UEA International, academic and Study Abroad staff
- Certificate of attendance.

"Your student ambassadors are a credit to UEA! They engaged well with our students and were knowledgeable and enthusiastic."

Sarah Pettit, University Counselling Manager at Bell English, Cambridge

CUSTOMISED PROGRAMMES AND SUMMER SCHOOLS

Our dedicated team will be able to put together a virtual, residential or blended programme (whichever is most appropriate), tailored to your specific requirements. These include short courses taught by our world-leading academic staff as well as a schedule of social activities, academic field trips, accommodation and catering (should travel be possible).

Some key details:

- **Group size:** The minimum number of students we require to attend a customised programme is 15
- **Fees:** Fees are dependent on the specific requirements of your group
- **Staff:** Visiting staff are welcomed to accompany residential programmes for a subsidised fee
- **Students:** We require all students to be aged at least 17 on the official start date of the programme. Programmes will be taught in English so a minimum level of language skills may be necessary.

"I learnt so much in such a short period of time and could not have asked for a better experience. I have made new friends and would love to do it again!"

*Alex Bloomer, Delegate on UEA’s 2019 Work Integrated Learning Programme*
As a visiting academic, I was truly impressed by the detailed behind the scenes planning and service delivery that the UEA team provided. Our students learnt a lot through their experiences and study, discovered the local area and had loads of fun too!

Dr Wendy Webber, Director, Student Experience at Deakin University, Australia
